

Evolve Factsheet

Evolve Everyday 100% recycled copy paper

**Many recycled papers sacrifice quality. Evolve is different.
Outstanding Quality, Exceptional Smoothness,
High Whiteness – No Compromise**

- High bulk and opacity for double sided printing
- Made from 100% post consumer recycled waste paper
- No use of native forests
- Made in a life cycle approach to minimise the impact on the environment at every stage of production, use and disposal
- Cartons are made using recycled fibre and can be recycled
- Mill certified ISO9001, ISO14001. FSC Recycled certified
- Available in A4 and A3

Specifications

Evolve Everyday 100% recycled	
Basis weight	80
Moisture Content	4.50%
Thickness (Bulking) - Caliper (µm)	105
Roughness (ml/min)	160
Whiteness CIE	150
Brightness	104
Opacity	>94
Kodak stiffness MD	0.36
Kodak stiffness CD	0.14
Bending stiffness MD	80
Bending stiffness CD	40

Table above shows typical values
